

## Stand Up for MBTI !

Every few years brings a new assault on the MBTI assessment and its validity:

*"Type is not real."*

*"My Type keeps changing."*

*"Type can't predict success."*

In this interactive session sponsored by the local chapter of APT (Association of Psychological Type), I take on the most frequent criticisms and we discuss together how to address them.

You know why YOU use the MBTI. Now come learn how best to stand up for it!

PS We will also spend some time remembering Otto Kroeger, the founder of OKA, my mentor and a champion of the MBTI for over 40 years.

7pm-9pm, Tue March 11 2014

OKA Training Center

3605-C Chain Bridge Rd

Fairfax VA 22030
